

CUSTOM CSR COVERS

Glove-Like Fit with Built-In Ratchet Systems
Excellent for Travel, Mooring, Dry Stack & Storage

- Newly re-designed ratchet strap system!
- Available in Sun-DURA®, 100% Solution-Dyed Marine Polyester, 7.6 oz.
- 1" polypropylene webbing in the hem and built-in ratchet(s) included in a protective pouch(es) provides the ultimate cover fastening system.
- If the cover is designed to accommodate a boat with a Ski Tower, heavy duty quick-release buckles and shock cord are built in at the tower openings. The buckles at the tower cut-outs are designed with a hook-and-loop closure and allow for quick and easy installation at the tower openings.
- Ski boat CSR covers fit underneath the rub rail. To cover the swim platform, please see the boat cover accessories page for our separate swim platform cover or refer back to the guide for additional custom cover options designed with swim platform coverage.
- For boats with towers, the ratchet systems will be located at the tower openings. For boats without towers, the ratchet system(s) will either be located at the rear of the boat or the side of the boat near the rear corner(s). They are encased in a zippered protective vinyl pouch.
- One tie-down kit included
